

List of documents (file name in bold text) pertaining to Fish WG meeting of February 8, 2012.

1. **General Presentation of Topics FWG meeting Feb 8 2012** –presentation used to facilitate Feb 8 2012 Fish WG meeting.
2. **Policy Issue – SF Trinity spring Chinook limiting factor analysis** – memo to ED from Fish WG seeking policy guidance
3. **Policy Issue – Lower Klamath Disease monitoring**– memo to ED from Fish WG seeking policy guidance
4. **2011_KLAM_BASIN_MEGTBL_prelim_Feb_7_12** – Klamath Basin fall Chinook salmon inriver run size, escapement and harvest for 2012.
5. **KLAMAGECOMP11_20120206** – Klamath Basin fall Chinook salmon age composition report for 2012 run.
6. **Comparison of Chinook runs and Trinity Specific runs** –Data summary of west coast river salmon runs and Trinity River natural and hatchery spawning escapement.
7. **Klamath FC in 2012 Feb 15 2012 updated feb 24** – memo concerning potential fall Chinook salmon inriver run size in 2012 and water conditions. Updated on Feb 24 with added spring Chinook information.
8. **Draft write-up on aquatic food relationships 2-7-12** – draft pre-proposal of Trinity invertebrate monitoring project presented at Fish WG meeting.
9. **Invert proposal NH Draft Preproposal BMI – 2-21-12** – updated invertebrate preproposal incorporating comments received during the Fish WG meeting.
10. **Gaeuman 2010 Recommendation for Hamilton Ponds Sediment Control Plan – Technical Brief 1** – D. Gaeuman's report on sediment yield from Grass Valley Creek for Fish WG to consider the biological impacts.
11. **Hamilton Pond's response E. Clarke 2-27-12** – E. Clarke input to Fish WG concerning management questions pertaining to fine sediment management of Grass Valley Creek.
12. **HamiltonPondsCoordMtgNotesMeeting11Nov2BG** – notes from TRRP meeting on Grass Valley Creek on November 2 2011.
13. **FY11 Implementation Monitoring work plan – 042011** – FY11 physical monitoring plan that includes monitoring of pools.
14. **Gaeuman Krause (2011) 2010 Bed material sediment budget update..TR-TRRP-2011_21** – Gaeuman and Krause sediment budget report. Supplemental material to be used in the pool scour/fill assessment
