Subj Fw: Hamilton Ponds Informational Meeting \_ DRAFT NOTES  
ect

Joe - good morning. I wanted to follow up on the following task from the February 8 fish work group meeting:

*Ernie Clarke will provide the Fish Workgroup with the specific management questions for Hamilton Ponds.*

DJ and Brandt say that no input is needed from the Fish (or Physical) WG at this point. No dredging of the ponds will occur in 2012. A new Biological Assessment/Opinion will be developed in the upcoming year.

Attached are notes from the Nov 2, 2011 meeting.

Regards,  
Ernie

Folks,

Attached is a draft agenda for the Hamilton Ponds meeting this Wednesday. Please review and let me know if you have any suggested changes or additions. The meeting will be here at the TRRP Office and will be from 10:00am-3:00pm. Please forward this on to anyone I may have missed that you think would be interested in attending.

Thanks,

DJ

Folks,

Please mark your calendar for November 2nd. We will have the Hamilton Ponds meeting here in Weaverville at the TRRP conference room. We will hold the meeting from 10am – 3pm. A detailed agenda and read ahead information will be send out in early October. If you have any thoughts on agenda items please let me know.

Thanks,

DJ

**Subject:** Hamilton Ponds Informational Meeting

Hamilton Ponds/GVC Enthusiasts,

I am organizing an informational planning meeting for interested parties to discuss the issues regarding Hamilton Ponds & Grass-Valley Creek outlet area. The purpose of this meeting is to lay out all the available (recent and historical) information, concerns, and ideas for a wide range of topics including land management, fine sediment delivery/storage/removal, biological conditions, fisheries ecology, environmental permitting, recreation use, future restoration opportunities, public access/education, etc. The goal of the meeting will be to generate a list of issues that need to be resolved, potential next steps, and ideas on how to move forward into the future. The meeting will NOT be to make any final decisions or management actions, this will be informational only.

I have tried to list the key players and those that have been involved over the years. If I have missed someone that would be important to have at this meeting please forward this email to them.

Please respond to the doodle poll below on dates that you are available in mid October or early November.
