

Fish Workgroup Agenda 2018-06-25

Time: 9:00 – 15:00

Location: TRRP office, Weaverville

Webex Info

<https://trrp.webex.com/trrp/j.php?MTID=m3d049fbfc654fec41d64ec494a377898>

United States +1 (408) 792-6300

Access Code: 809-875-963

Desired Outcome:

- Refine Program objectives and the metrics used to measure success or failure toward achieving those objectives.

Please Bring

- A well-rested mind and enthusiasm for thoughtful discussion

Please Review:

- “March Metrics TRRP 2018.docx” presented to TMC at their March meeting
- “metrics2018.xlsx” product of 14 February fish work group meeting, elaboration on previous work of the fish work group

(agenda on next page)

Fish Workgroup Agenda:

Time	Agenda Item	Presenter
9:00	Welcome and introductions	Lindke
9:10	Agenda review and additions	Group
9:20	Purpose of meeting and intended outcomes	Lindke
9:30	Update on action items from 15 May meeting	Lindke/Pinnix
9:45	History of objectives/metrics refinement • IAP • Science retreat • 2017 request from TMC • February fish work group meeting • May fish work group meeting Objective: get all work group members up to speed on the history and current status of objectives refinement for the Program	Naman/Group
10:15	Process moving forward Objectives: define the process that the fish work group will use to evaluate the merit of objectives, retain or reject them, and make recommendations to TMC. Define the requirements of metrics that would qualify them as suitable to inform success/failure toward achieving objectives.	Norris/Group
11:00	Fish populations and harvest • Fall-run Chinook salmon: Increase escapement to 62,000 adults • Spring-run Chinook salmon: Increase escapement to 6,000 adults • Coho salmon: Increase escapement of naturally-produced to 1,400 • Steelhead: increase escapement to 40,000 adults • Green sturgeon Objective: Develop consensus for recommendations to TMC.	Group
	Lunch (45 minute break in above agenda item)	
2:50	Action item review	Lindke
